Subject: Developmental Disabilities Adult Case Management

To Whom It May Concern, (please forward)

My 21 year old autistic son's Developmental Disabilities Adult Case Management services are changing significantly. By April 1st 2018 he will no longer have the individualized attention that his current case manager provides. Instead his services and wellbeing will be managed by a state employee who will have at least 60 people on their caseload.

I am very worried that he will not receive quality services. I am worried that his needs will not be met and that he will not have a case manager to advocate for what he wants and desires in his life.

Please consider the consequences of this decision, It affects his life, and his voice has a right to be heard.

Sincerely,

A Concerned Parent,

Lindsey Gordon
